**STEP 1:**  
**CLEANSE**  
cleanser quick guide

---

## MEGA CREAM CLEANSER

- Creamy, Healing, Non-foaming
- Use as first cleanse. Safe to use AM and PM
- Makeup remover, Eyelash extension safe
- Safe to use post-procedural

## VITAMIN C CLEANSER

- Creamy, Healing, Non-foaming
- Use as first or second cleanse. Safe to use AM and PM
- Use as a slip for facial massage
- Safe to use post-procedural for healing benefits

## GENTLE GEL CLEANSER w/ Amino Acids

- Mild Lather, Gel consistency
- Use as first or second cleanse. Safe to use AM and PM
- Great for teens, or as a maintenance cleanser
- Clean, masculine scent

## GLYCOLIC FACIAL CLEANSER

- Foaming, Gel consistency, Active cleanser
- Use as a second cleanse. Use AM and PM if skin can tolerate
- Use as a prep before in-clinic treatments
- Purging may occur when first starting an active cleanser

## FOAMING CLEANSER w/ Amino Acids

- Foaming consistency, Healing and lifting
- Use as first or second cleanse. Safe to use AM and PM
- Maintains skin health, provides antioxidants & amino acids
- Great for teens, or as a maintenance cleanser

## PEPTIDE FIRMING CLEANSER

- Rich, Creamy consistency, Healing and tightening
- Use as first or second cleanse. Safe to use AM and PM
- Allow to sit on the skin for 5 minutes for peptide benefits
- Use as a slip for facial massage

## IDYLLIC CLEANSER w/ 3% Mandelic

- Foaming, Gel consistency, Active cleanser
- Use as a second cleanse. Use AM and PM if skin can tolerate
- Great for acne-prone, hormonal acne, or as an active cleanser
- Purging may occur when first starting an active cleanser

# ACNE CLEANSERS

## PURIFYING CLEANSER w/ Salicylic Acid

- Very light lather, Gel consistency
- Use as a second cleanse. Use AM and PM if skin can tolerate
- Great for all oily grades of acne and texture on the face/body
- Purging, flaking, and dryness may occur when first using

## EXFOLIATING CLEANSER w/ Salicylic Acid

- Very light lather, Gel consistency with exfoliating beads
- Use as a second cleanse in the evening
- Great for oily, Grade 1 & 2 and Blackheads
- Do not use on open papules and pustules
